

TABLE TALK

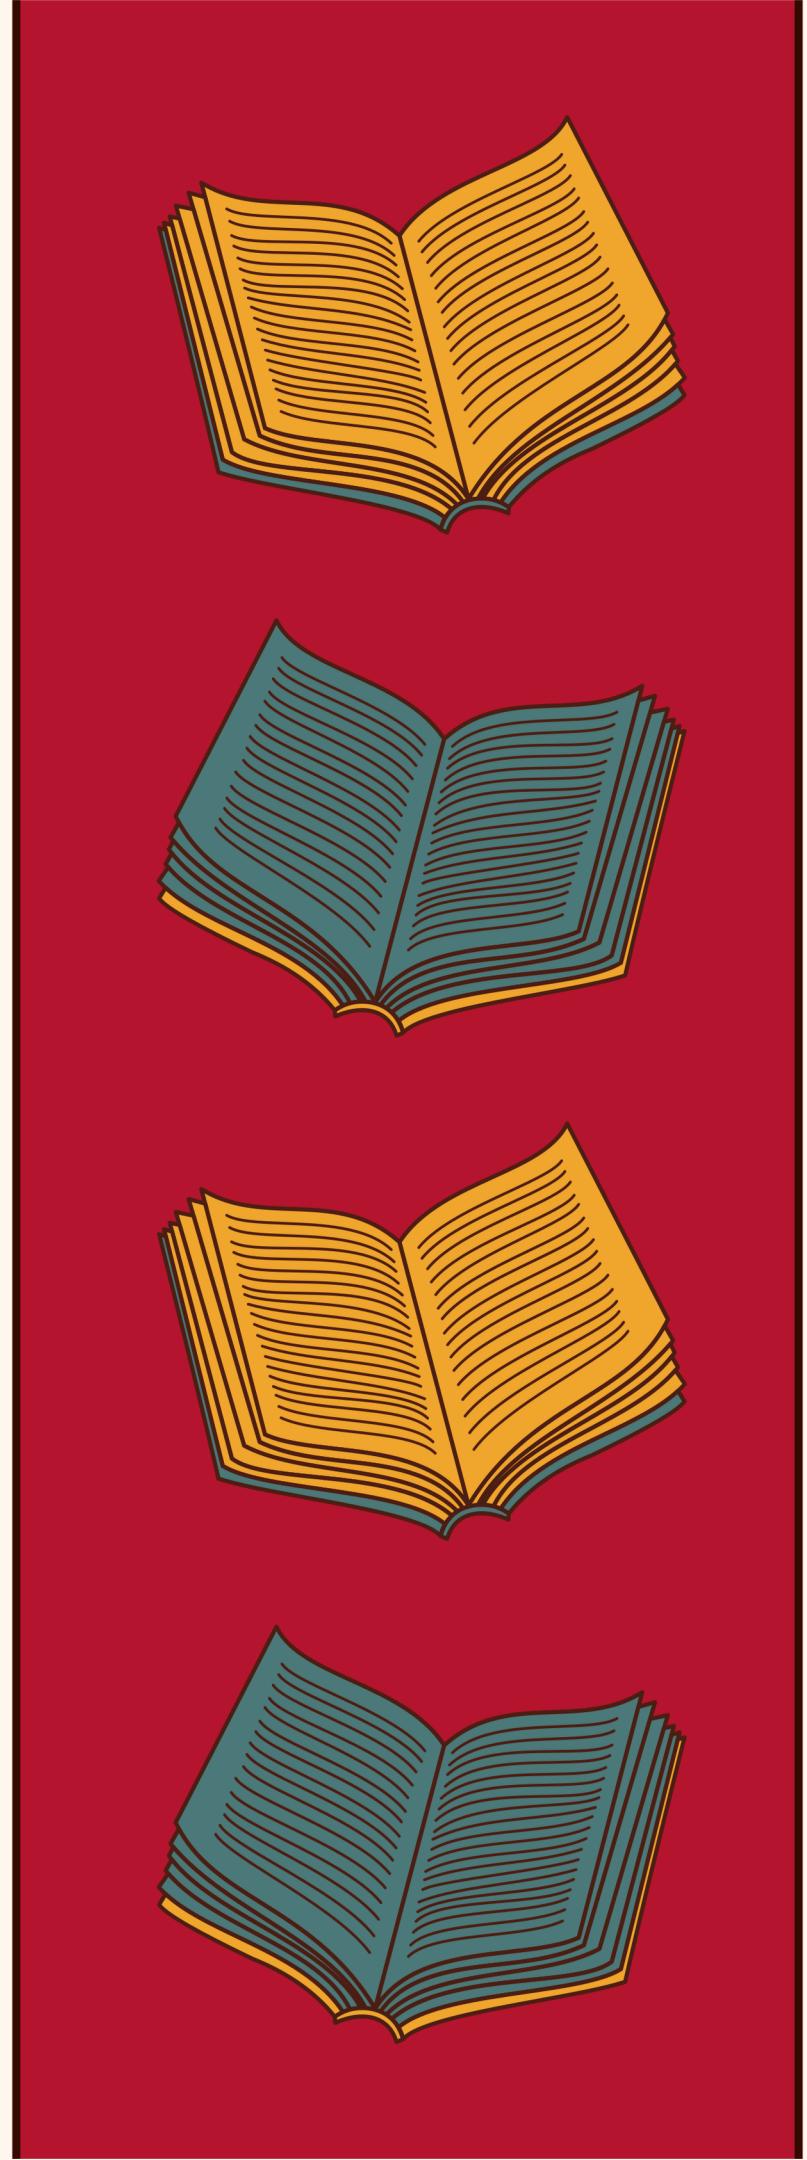

Essential terms for confident, professional service.

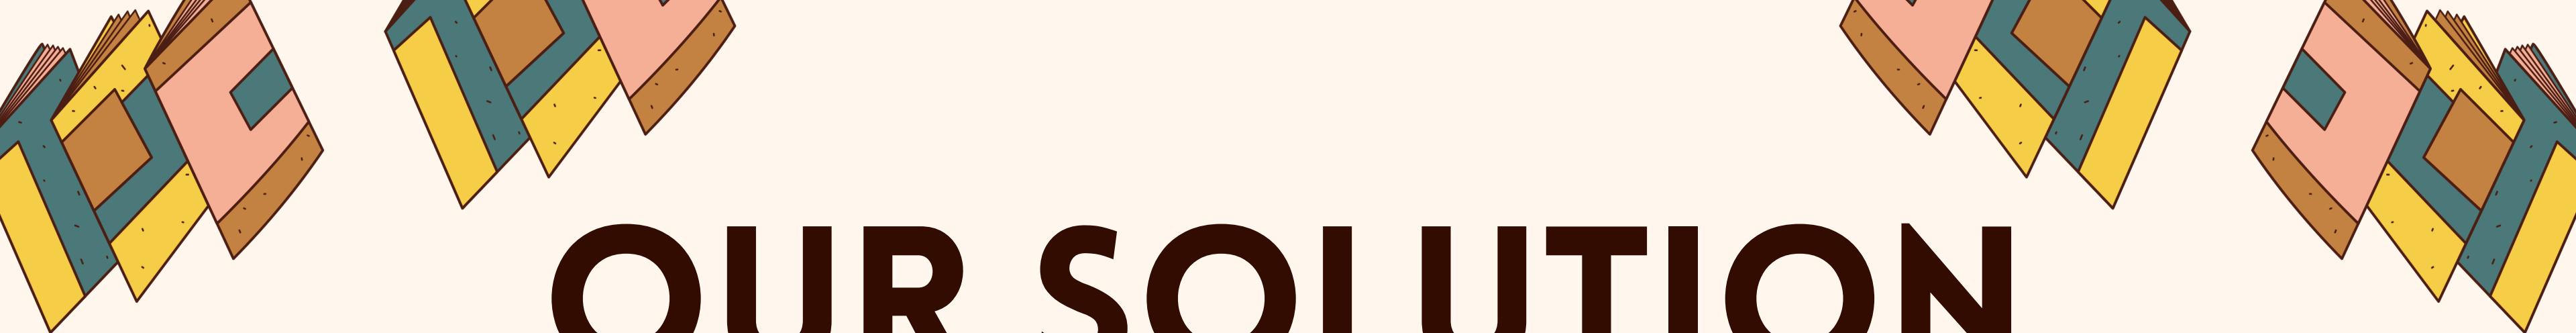

WHAT'S THE PROBLEM?

Many people dream of working in the restaurant industry, but often lack the time or tools to learn English in a practical way.

What's missing isn't general English — it's the technical, job-specific language that waiters need every day to communicate with customers and work confidently.

OUR SOLUTION

ENGLISH FOR TALK RESTAURANT

LESSONS

Short, focused lessons based on real restaurant scenarios.

REAL SCENARIOS

Authentic restaurant dialogues for taking orders, presenting dishes, and managing requests and payments.

SIMULATION

Interactive conversations that teach you to speak naturally with customers.
